FIVE IN ONE FAMILY LEAD IN SCHOOL CLASSES

Above—Arthur Colmer and Alice Colmer. Below—Fred Colmer, Margaret Colmer and Percy Colmer.

Children of Mr. and Mrs. F. Colmer of Moss Point, who were graduated from the Moss Point High School and led their respective classes in studies. The three boys were honor men at college.

PRIMARY LAW IS NOW TWENTY-FIVE YEARS OLD

Quarter of Century Ago Nominations Were Made at Conventions by Delegates.

Meridian, Miss, May 31.—With the primary election in full swing for nomination of candidates as the standard bearers of the Democratic party, it is recalled that the primary election law was enacted in 1902 and approved by the then governor of Mississippi, A. H. Longino. Prior to that time candidates for governor and state officers were made in state conventions composed of twice as many delegate from each county as they had members in the house of representatives.

CAR OF SUPPLIES ROLLS TO DELTA

Big Heart of Jackson County Again Shown by Contributions of Food and Feed.

The car of supplies for the flood sufferers that was collected under the direction of J. H. Price, county agricultural agent, and Mrs. Iola Havens, home demonstration agent, was an eloquent testimonial of the generosity of our people. Notwithstanding the fact that they had given

senate at the time the adult beetles are on the trees in the spring will undoubtedly reduce their numbers control measures become necessary. Specimens of these insects or their injury should be sent to the Entomologist, A. & M. College, Miss.

Cockroaches are now numerous in many kitchens and pantries. A treatment which has never failed when done properly is dusting all cracks and runways thoroughly at night with sodium fluosilicate or sodium fluoride. Keep food covered up and apply the chemical on shelves where the roaches will walk in it. Continue treatment for several nights in succession, or longer if necessary. The Plant Board will be glad to know of any case where this treatment fails.
